I have heard for years that you need to look at the sires' dam, that is what your heifers are going to look like. Well, have a looksee!!!! That is the living legend RC Pacific Mermaid. Over 100" of total horn, and producing multiple offspring over 90" tt. That is what is coursing through Pacific Sweeties' veins, and the topside of her pedigree. The bottom side is just as impressive. SDR Safari Sweet is an over 82" tt, large framed, mothering machine. She
